

High-resolution, Rebuilt and Enhanced Textures Thumbnail Guide

by Coxxon

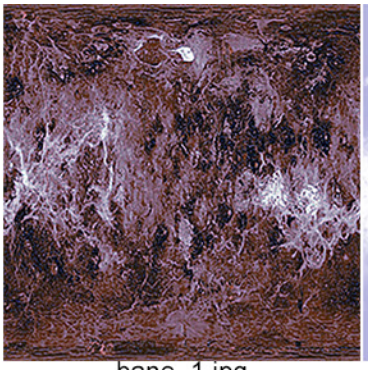

chrisvcox@gmail.com

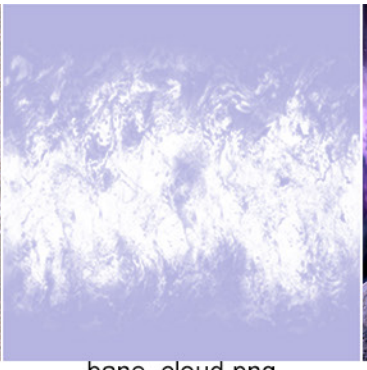

Textures are in .dxtbz2 format and intended for patch 1.3.6.5 and higher.

If there are textures you don't want to use, search for them in this guide, and then remove the matching textures from your: *Battlezone II/addon/Textures Hi-Res Coxxon* folder and place entirely outside of the addon folder.

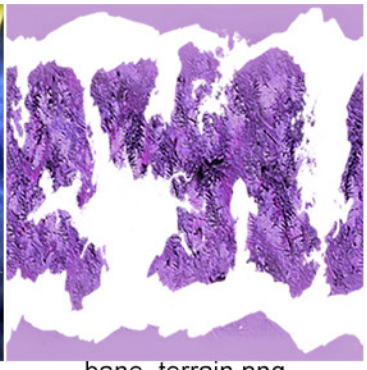

Filenames are under the thumbnail.
Ignore the listed file extension (jpeg-solid, png-tranparency).
All in-game files are converted to .dxtbz2 format.
